DENOMINATIONAL FAIR SHARE CONTRIBUTION

The Brethren Church denomination-wide budget for each year is established annually by the representative delegates from each congregation at General Conference. We depend on local congregations and its members to fund this budget reflecting the vision and mission described elsewhere on this website. The largest part of our support comes from this Fair Share giving of local Brethren congregations. Over the years various methods have been used to calculate Fair Share. Since 2008, Fair Share has been based on 10% of the local congregation's reported income. We ask that at the conclusion of each month each church send their Fair Share support check to the National Office reflecting 10% of the previous month's offerings.

For each dollar contributed through Fair Share, The Brethren Church will designate those gifts to be given to The Brethren Connections ministry at Ashland University and to the development of Brethren pastors and leaders at Ashland Theological Seminary. Each local congregation is also asked to contribute to the Brethren Relief fund. We ask that each year an amount equal to \$5.00 times the church's annual average worship attendance be sent.

In addition to Fair Share, The Brethren Church also relies on the additional designated gifts of the local congregation, its classes or organizations, and its members. This could be a personal gift for the Annual Fund, a gift from a Sunday School class to support a pastor or orphan in India, or a Faith Promise gift from a church to help support one of our Global Partners. The opportunities for designated giving are almost endless. For more information about designated gifts, please contact the Brethren Church National Office at 1-419-289-1708..
